

HOMEWORK – WATER DISPUTES IN A THIRSTY COUNTRY

Find a media or scientific article relating to a rural water dispute in Australia. Using it, answer the following questions. Be sure to staple your article to the worksheet to hand in!

Answers

Who are the major players in this dispute?

What does the first party want?

What does the second party want?

What is the water to be used for?

How will the health of the river be affected if the first party wins? What about if the second party wins?
