

# HOMWORK SHEET

## Match the species activity sheet

Draw lines to connect each of the following species to its habitat and to one or more threats that it faces.

Habitat Aspects	Animal	Threat
Seasonal flooding	Mayfly	Erosion
Riffles and races	Murray Cod	Nutrients
Off-Stream pools	Caddisfly	Deforestation
Deep Holes	Silver Perch	Dams
Stable Water Temperatures	Alderfly	Non-native fish
Gravel/sand bottom	Olive Perchlet	Low flows (lack of floods)
Moderately clean water	Platypus	Cold water pollution
Reeds	Macquarie Perch	Over-fishing
Rocky stream bottoms	Murray Crayfish	Removal of in-stream wood (snags)
Clean clear water	Green and Golden Bell Frog	Sedimentation
Snags	Murray Hardyhead
